FOR IMMEDIATE RELEASE

PRESS RELEASE

Execulink Telecom's CFO Jonathan Scott to retire in December

Woodstock, ON – December 14, 2016 – Execulink Telecom, a leading telecommunications provider in Ontario, has announced that their Chief Financial Officer and VP of Operations, Jonathan Scott, will be retiring on December 31, 2016.

Jonathan Scott joined Execulink in 1995 and during his tenure he has been a driving force behind the company's strategic direction and has led the company on a steady and consistent growth path. Over the years, Jonathan has also been instrumental in growing the company's serviceable footprint and suite of offerings. Execulink now provides Data, Voice, TV and Mobility services to a large part of southwestern Ontario.

"We're grateful for his leadership and innumerable contributions to Execulink over the last 21 years," said Ian Stevens, CEO. "It has been a real privilege to have worked with Jonathan and on behalf of the staff and board of directors; we thank him and wish him happiness as he moves on to the next chapter in his life," added Stevens.

As Jonathan prepares his departure from Execulink, he will transition the CFO portion of his role to Scott Hardeman, who has been with Execulink for eight years and currently holds the Accounting Manager position at the company. Stevens noted "Scott has deep knowledge in all major aspects of finance and we're confident that he will position the company for its next phase of growth and development."

"Execulink is a remarkable company and I feel very honoured to have worked with so many outstanding staff members and partners all these years," said Jonathan Scott. "I believe that Execulink has the people, technology and enthusiasm to continue their success and I look forward to seeing where the company goes."

About Execulink

In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, we cultivated our local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, cable television, mobility and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers. Visit us at <http://www.execulink.ca/>.
