Execulink has been actively involved in bringing Fibre to the Home to the Port Dover community since June 2018. Fibre is the delivery of a communications signal over optical fibre. In comparison with other methods of delivery, Fibre’s underground infrastructure is unaffected

by weather and allows for reliable TV and Phone services, with the fastest Internet speeds in Ontario. Once the project is complete, local homes and businesses will have access to lightning-fast Internet, crystal-clear TV and reliable Home Phone solutions.

“Investing in our towns and communities is a fundamental part of our Vision, Mission and Values,” says Stevens, “Which is why it is equally important for us to also play an active role within the community. We recently established a partnership with the Norfolk County Public Library and look forward to supporting more local organizations and activities in the future. Execulink’s new store location will allow us to stay closely involved in the community and be locally available when needed.”

Execulink Telecom has been servicing Norfolk County for over 20 years and continues to bring Fibre to neighbouring communities in the area. Residents are encouraged to call 1-866-765-2282 or drop by the new Port Dover store Monday to Wednesday and Friday from 8:30am - 5pm, Thursday from 8:30am - 8pm, and Saturday from 9am - 4pm.
