

Execulink Telecom Kicks Off Fourth Annual Gifts of Christmas Donation Program

(Woodstock, ON) November 30, 2021 – Execulink Telecom, the telecommunications provider headquartered in Woodstock, is excited to be continuing their Gifts of Christmas program again this year.

Ian Stevens, President and CEO of Execulink Telecom, shares “We are thrilled to help the amazing non-profit organizations, groups, and charities within the communities we serve. We are proud to support their causes and hope the Gifts of Christmas program helps them to achieve their goals in the coming year.”

The Gifts of Christmas donation program began in 2018 with the aim of giving back to local charities and generating positive engagement for recipients. After this year’s donation program, Execulink will have donated to a total of 46 different local organizations, charities, and non-profits as part of their Gifts of Christmas donation program. This program has spread so much joy amongst the recipients and their networks’ of influence that Execulink aims to continue this tradition for years to come.

“It’s a great way for us to engage with our communities and live our [Vision, Mission, and Values](#) by giving back to charities and organizations that focus on STEM, Youth, and Active Living.” Says Eric Davies, Vice President of Sales and Marketing at Execulink Telecom. “We are very thankful for everything these organizations do to contribute to the wellbeing of our local areas, especially during the holiday season!”

Starting December 1, 2021, the recipients will be announced in the weeks leading up to Christmas. You can visit the official [Gifts of Christmas webpage](#) or follow along on any of Execulink’s social media pages including [Facebook](#), [Instagram](#), [Twitter](#), and [LinkedIn](#), or search the hashtag #ExeculinkGiftsofChristmas on social media.

About Execulink Telecom

In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, the telecom provider has cultivated what began as local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, television, mobility, and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
