

## Execulink Telecom announces New Direct Routing for Microsoft Teams and Private-WAN solutions to help facilitate seamless and secure business connectivity.

**(Woodstock, ON) January 4, 2022** – Execulink Telecom, a local telecommunications provider is now offering Direct Routing for Microsoft Teams and Private Wide Area Network (PWAN) as part of their business solutions portfolio. In today's globally distributed workplace, it's imperative to offer solutions that enable organizations to standardize and streamline their network access and communications. Both of these solutions have been designed to securely connect a dispersed workforce and provide a more flexible work environment.

“Our latest solutions introduction represents Execulink Telecom’s mission to enhance our customer’s business and give them the tools they need to succeed,” says Andrea Atkinson, Vice-President Customer Experience at Execulink Telecom. Ian Stevens, President, and CEO of Execulink Telecom shared “We are committed to new innovations and forward-thinking ideas. We are excited to bring new products and services to the market for our business customers that help streamline processes, increase efficiency and improve their profitability”.

Direct Routing for Microsoft Teams enables companies to transform their Teams platform into a business phone system with PSTN calling provided by Execulink. With Direct Routing companies can turn their internal collaboration solution into a unified platform with enterprise-grade voice capabilities. Users can now call, chat, video, file share, and more from one application, on any device, from anywhere, at any time.

Execulink’s Private-WAN is a high-quality, high performance and fully managed private network solution. Businesses can quickly expand and connect new and existing networks from their head office, branch sites, and data centers into a single, secure solution. As their organization expands and migrates to cloud and managed services they get the up-time, reliability, and flexibility they need regardless of their site locations.

Execulink’s Direct Routing for Microsoft Teams and Private Wide Area Network (PWAN) solutions are both available now. For more information on Private-WAN and Direct Routing, please contact 1.866.765.2269, or visit [execulink.ca/business](https://execulink.ca/business).

### **About Execulink Telecom**

In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, the telecom provider has cultivated what began as local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, television, mobility, and advanced voice features. These services are available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
