

## Long Point Conservation Authority Receives Gift of Christmas Donation

**(Woodstock, ON) December 22, 2022** – Execulink Telecom is pleased to launch their fifth annual Gifts of Christmas campaign with donations throughout the month of December to local charities and initiatives in the communities we serve.

On the eleventh day of giving, we're donating to the Long Point Conservation Authority! The LPRCA is one of 36 Conservation Authorities in Ontario and is responsible for the Long Point Region watershed that covers 2782 square kilometers. Their mission is to protect, rejuvenate and optimize the well-being of the watershed. We appreciate everything you do for the Long Point Region! <https://lprca.on.ca/>

The Gifts of Christmas donation program began in 2018 with the aim of giving back to local charities and generating positive engagement for recipients. After this year's donation program, Execulink will have donated to a total of 58 different local organizations, charities, and non-profits as part of their Gifts of Christmas donation program. This program has spread so much joy amongst the recipients and their networks of influence that Execulink aims to continue this tradition for years to come. For full information you can visit the official [Gifts of Christmas webpage](#).

Ian Stevens, President/CEO of Execulink Telecom, shares “We are thrilled to help the amazing non-profit organizations, groups, and charities within the communities we serve. We are proud to support their causes and hope the Gifts of Christmas program helps them to achieve their goals in the coming year.”

### **About Execulink Telecom**

In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, the telecom provider has cultivated what began as local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, television, mobility, and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
