

Execulink Telecom to Bring Fibre Network to Strathroy

(Woodstock, ON) May 4, 2023 – Execulink Telecom announced plans to bring their Fibre services to homes and businesses in the town of Strathroy, with installations beginning this fall. Once the project is complete, customers will have access to lightning-fast Internet, crystal-clear TV and reliable Home Phone solutions.

“Fast, reliable Internet is no longer a luxury, it’s a necessity,” said Mayor Colin Grantham. “Execulink’s new Fibre service will connect residents and businesses in Strathroy-Caradoc to essential services, and we’re excited to see this investment in improved Internet access in our community.”

Ian Stevens, President and CEO of Execulink Telecom says, “We are proud to have serviced Strathroy as an Internet Service Provider for over 25 years and to bring Fibre to more of this community. Strathroy is a vibrant town, poised for growth which fits with our goal to build connected communities. It is another excellent choice for introducing new technological advancements that have become even more in demand in recent years,” said Stevens. “Our mission is to bring residents and business owners the superior telecom experience they deserve and improve the day-to-day lives of the local growing community with our Fibre services.”

Fibre is the delivery of a communications signal over optical fibre. In comparison with other methods of delivery, Fibre’s underground infrastructure is unaffected by weather and allows for reliable TV and Phone services, with some of the fastest Internet speeds in Ontario. Customers can look forward to enjoying blazing-fast Internet speeds up to 1 Gbps.

Execulink has already serviced rural areas north and west of Strathroy with Fibre. With new construction having already begun to service businesses and homes in the north east end of town near the airport, the company is working to develop maps and timelines for the rest of the town with installations beginning in the fall. Additionally, a Strathroy office is expected to open in the coming months. Residents are encouraged to call 1-866-765-2282 to sign up. For more information, please visit fibre.execulink.ca.

About Execulink Telecom In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, we cultivated our local telephony offerings to provide a fullscale suite of telecommunications services including data, Internet, television, mobility and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
